Outstanding Optical Performance, Presenting the Real World

STISA Aetheris series T10 full optical system, equipped with ED (extra-low dispersion) glass, effectively eliminates chromatic aberration, delivering sharp, natural images with accurate color reproduction. The combination of fully multi-coated (FMC) lenses and a purple-red multi-coating optical system significantly enhances light transmission, ensuring bright and clear images with rich detail, even in low-light environments such as dawn, dusk, or wooded areas.

Armor materia:	(NBR+PVC
Color:	black
Objective lens Ø:	Ø42
Ocular lens Ø:	Ø24
Exit pupil Ø:	Ø4.1
Exit pupil distance (mm):	18mm
Field ofvew (°):	7°
Field ofvew(at 1000M):	122m
Field ofvew(at 1000yds):	366ft
Near focus:	3.5m
Diopter system:	Right diopter ring
Interpupillary distance:	56~74mm
Focus System:	Center Focus
Focusinglens:	Eyepiece focusing (Eye.)
Diopter compensation:	-4 To +4 Diopter
FocusingAdjustment:	-4 To +8 Diopter
Prism System:	roof prism
Prism Glass Material:	BaK4
Waterproof:	IPX7 nitrogen-filled waterproof

Focus as Close as 2 Meters, Stunning at All Distances

Whether observing distant birds, wildlife in the mountains, or insects and plants up close, the Aetheris ED 10x42 offers fast and precise focusing, with a minimum focus distance of just 2 meters. Experience every fine detail of nature up close.

Reliable Performance in All Conditions, Worry-Free Outdoors

The body is constructed with magnesium alloy frame, offering strength and durability while remaining lightweight and portable. The rubber-coated exterior ensures a comfortable grip and strong shock resistance. The nitrogen-sealed body provides an IPX6 waterproof and fogproof rating, making it resistant to rain, snow, and moisture. It is truly an all-weather companion, ready to conquer forests, wetlands, mountains, and various challenging terrains.

Designed for Nature Lovers

Whether you're a hunter, birdwatcher, or outdoor traveler, the Aetheris ED 10x42 is the reliable partner for exploring the world—lightweight, with clear vision, allowing you to discover every hidden detail.
